## **Creating A Shortcut To Your Dial-Up Internet Connection In Windows XP**

1. Click Start.
2. Click Connect To.
3. Click Show All Connections to open the Network Connections window.
4. Click Create a new connection on the left side of this window.
5. Click Next.
6. Make sure Connect to Internet is selected and click Next.
7. Select Set up my connection manually and click Next.
8. Make sure Connect using a dial-up modem is selected and click Next.
9. Enter Alphacomm.net and click Next.

Enter the local access number of the exchange you are dialing from and click Next. Below is a list of our local access numbers:

Click Next.

Enter your username, password, verify your password, then click Next.

Check Add a shortcut to this connection to my desktop and click Finish.

You will now see an icon on your desktop labeled Alphacomm.net.

Double-click this icon and click Dial to connect to the Internet.
